

SCRIBE LOGIN USER MANUAL

Once the technician completes the form and uploads the DICOM, the scribe will begin preparing the report.

The scribe signs in using the email and password provided by WellthGreen.

A passcode will be generated and sent for verification.

The scribe will sign the consent form.

The screenshot shows the "Reset Your Password" page for the EaseQT platform. It features a logo for "easeQT SOFT, SAFE, SYNCED BREAST HEALTH" and a form for entering a new password. The password field includes validation rules: At least 8 characters, Contains a number, and Special character (!@#\$%^&*).

Reset Password

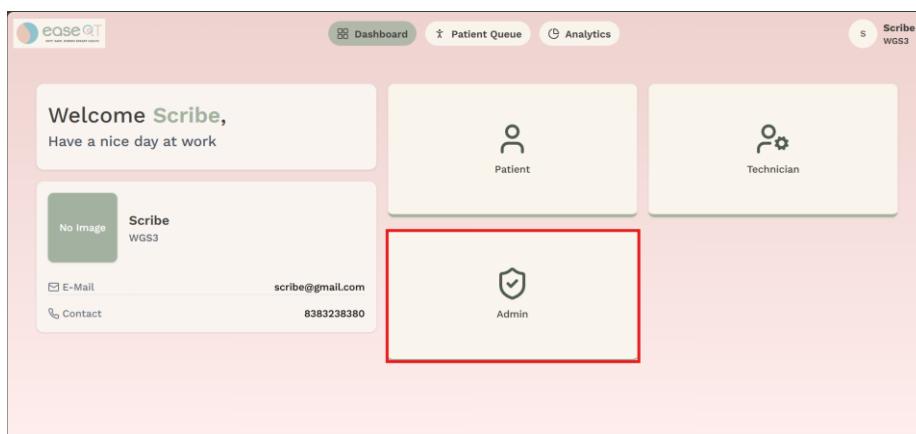

The scribe needs to reset their password before logging in.

DASHBOARD

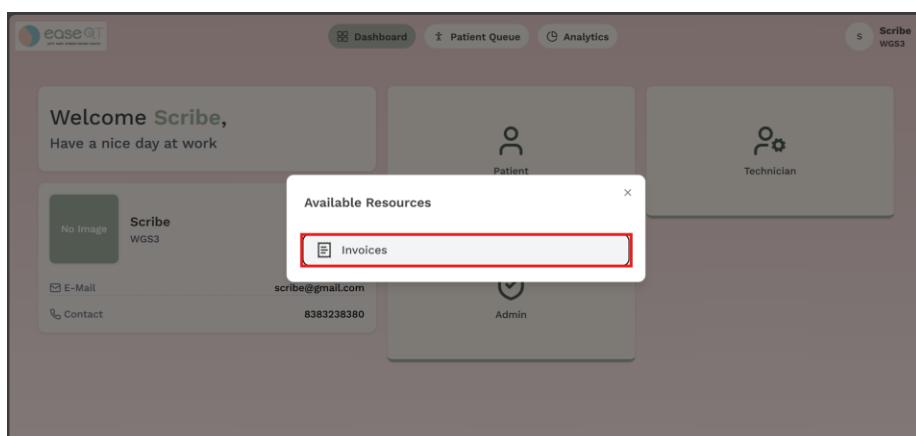

In the dashboard, the scribe can view the patient brochure, technician guidelines, consent form and invoices.

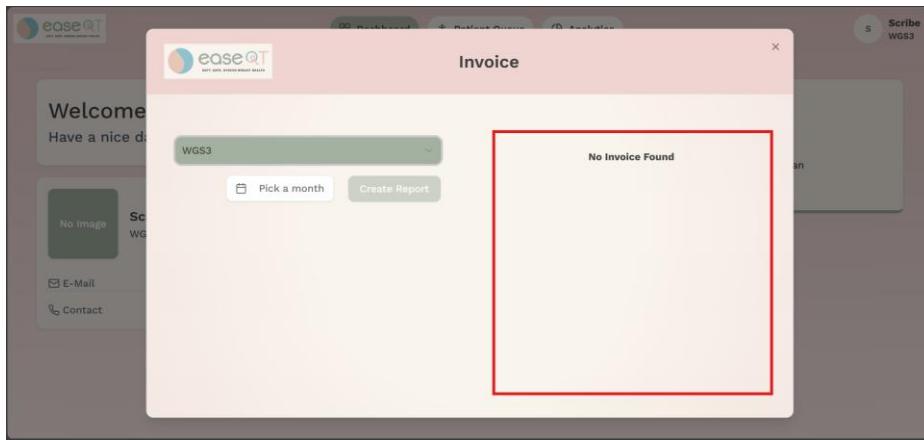

1. Invoices

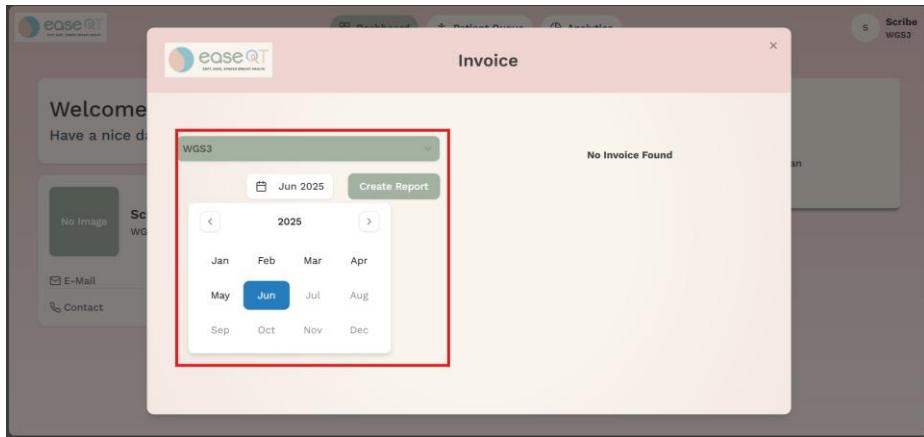

Clicking on the 'Admin' button triggers a popup window.

Clicking the 'Invoices' button open to the Invoice page.

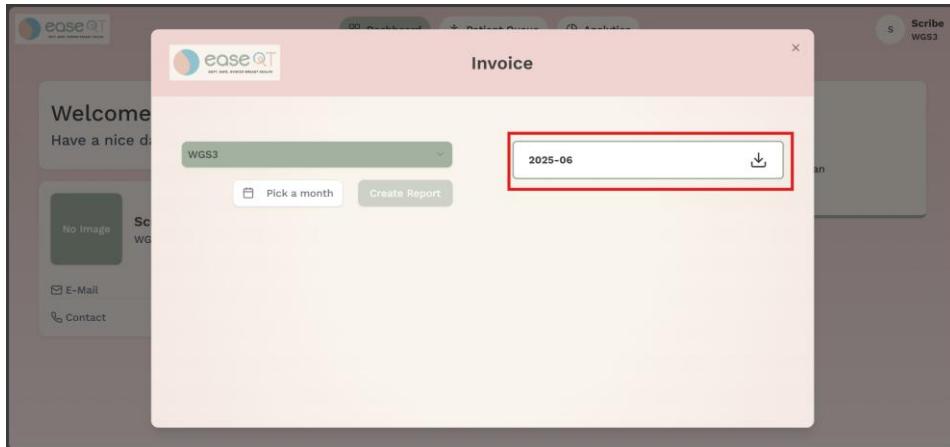

This section displays a list of invoices generated by you or the admin.

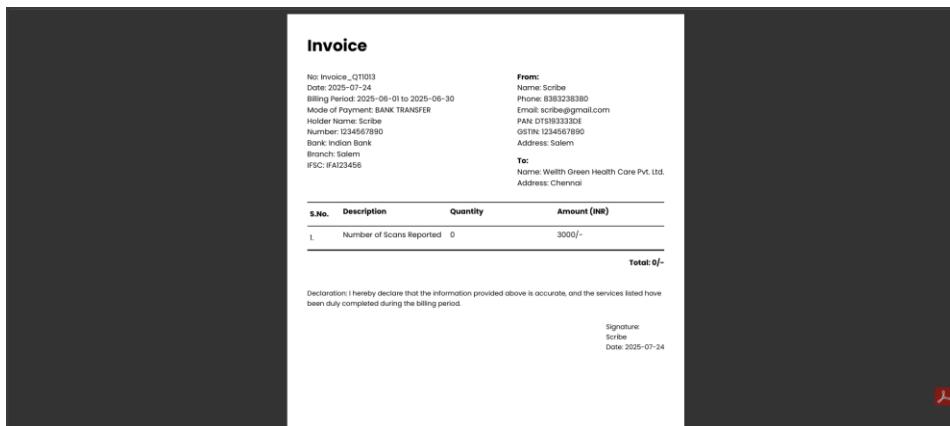

If you need an invoice, select the desired month from the enabled options and click the 'Create Report' button to proceed to the invoice creation page.

A screenshot of the 'Invoice' creation form. It has three main sections: 'From' (auto-populated with 'Scribe', '8383238380', and 'scribe@gmail.com'), 'Billing Period' (auto-populated with 'June 1st, 2025' to 'June 30th, 2025'), and 'Invoice Details' (auto-populated with 'Quantity 0', 'Amount (INR) 3000', and 'Total 0/-'). The 'To' section at the bottom is unmarked and contains 'Wellth Green Health Care Pvt. Ltd.' and 'Address'. A 'Generate Report' button is located at the bottom right.

The marked fields are auto-populated with data from the system and cannot be edited. Unmarked fields are editable. Once all the required details are filled in, click the 'Generate Report' button to create the invoice.

Generated invoices are listed here. If you need a copy, click the 'Download' button to download your invoice.

PATIENT QUEUE

The screenshot shows a patient queue interface with the following columns:

	Date	Scan Centre	Patient ID	Patient Name	Form	Tech Form	DICOM L	DICOM R	Old Report	QT Report	Report Status	Assign	Pending Remarks	Remarks
<input type="checkbox"/>	Sep 17, 2025	MSC	P100006	Testing12	Dc - View	View	(1) ↓	-	View DICOM	View	SIGNED OFF (A)	Assign	No remarks...	+ @
<input type="checkbox"/>	Sep 18, 2025	MSC	P100006	Testing12	S - View	View	(1) ↓	-	View DICOM	View	REVIEWED 2	Assign	R1 R2 stuck	+ @
<input type="checkbox"/>	Sep 22, 2025	MSC	P100006	Testing12	S - View	View	(1) ↓	-	View DICOM	View	SIGNED OFF (A)	Assign	No remarks...	+ @

Below the table are buttons for "Download Dicom", "Clear All Filters", and a search bar. At the bottom are pagination controls (Rows per page: 50, Previous, Next, Last), a copyright notice (Copyright © Wellthgreen), and a page number (Page 1 of 1).

In the patient queue, the scribe can view the patient list, patient forms, technician view, and DICOM files. They can fill out reports, check the report status, assign the case to another user, and add pending remarks if needed. And they can multi select and download DICOM. They can upload and download patient's old reports.

The report section includes the following sections:

- A. PATIENT HISTORY**: Includes a "Report Preview" area with a text editor toolbar (Normal, B, I, U, etc.) and a preview window containing text about screening, history, and imaging.
- B. BREAST IMPLANT DETAILS**: Includes a "Report Preview" area with a "Breast Implants" section showing "Present" and "Absent" status.

On the left, there is a sidebar with "Time stamp" logs for "Created by", "Technician", and "Wellthgreen Scribe", and buttons for "Status saver", "Predraft", "Draft", "Reviewed 1 Correct", "Reviewed 1 Edit", "Reviewed 2 Correct", "Reviewed 2 Edit", and "Sign Off".

In the report section, the scribe can review and modify reports completed by the technician. A "Pre-draft" button is available for the scribe's use. Once the technician has completed the form and uploaded the DICOM files, the scribe can either select predefined options or directly edit the report using the text editor.

The screenshot shows a mobile application interface for a medical record. At the top, there is a navigation bar with a 'Back' button, a page number '1/1', and a 'Next' button. Below the navigation is a header containing a QR code and the text 'z0SuYYZcbHUGC4gse+1qzr7Y0J7gtJAeHCYiTBAJM...'. The main content area has a toolbar with icons for download, print, and more. On the left, there is a vertical list of patient details: Patient ID, Patient Name, Gender, DOB, and Date. Below this is a section for 'Scan Code'. The central part of the screen displays a table of contents with one item labeled '1'. At the bottom, there is another table with columns for 'S.No', 'Title', and 'PAGE No', showing the first item as '1 Introduction 1'.

The users can see uploaded Patient's old reports and their current report.

The scribe can view the full report here. If they want to make changes or load a template, they need to click “Unsync” to switch it to “Sync,” make the necessary changes, and update the report.

ANALYTICS

In Analytics, the scribe can view their case count, the case count for the previous six months.
