

# TECHNICIAN LOGIN USER MANUAL

The login page for easeQT features the company logo at the top. Below it, a heading says "Login to your account" followed by a placeholder text "Enter your email below to login to your account". There are two input fields: one for "Email" containing "m@example.com" and another for "Password". A "Forgot your password?" link is located next to the password field. A large "Login" button is centered at the bottom, and a "Don't have an account? Sign Up" link is located just below it.

Once the patient has completed the form, the technician can begin filling out the technician form.

The technician signs in using the email and password provided by Scan centre.

A passcode will be generated and sent for verification.

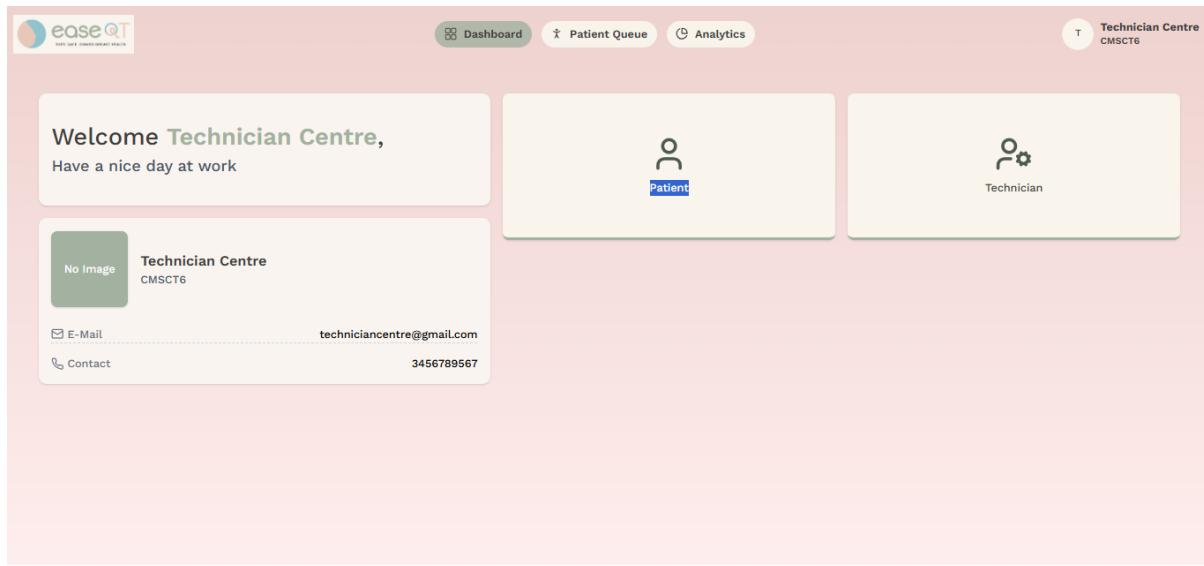

The technician will sign the consent form.

A screenshot of the EaseQT password reset interface. It features a collage of medical and clinical images on the left and the EaseQT logo on the right. The main area is titled "Reset Your Password" and includes an email input field with the placeholder "E-Mail: techniciancentre@gmail.com". Below it are fields for "New Password" and "Confirm Password", both with "Password" placeholder text. A validation box specifies requirements: "At least 8 characters", "Contains a number", and "Special character (!@#\$%^&amp;\*)". A "Reset Password" button is at the bottom.

The technician needs to reset their password before logging in.

## DASHBOARD

In the dashboard, the technician can view the patient brochure, technician guidelines, and consent form.

## PATIENT QUEUE

The Patient Queue page has a pink header with the easeQT logo, navigation tabs, and a circular badge for the Technician. It includes filters for Download Dicom, Download Final Reports, Clear All Filters, and a search bar. The main area is a table with columns: Date, Scan Centre, Patient Name, Form, Tech Form, DICOM L/R, DICOM, Old Report, QT Report, Report Status, Assign, Pending Remarks, and Remarks. The table lists four patients with their details and status (e.g., SIGNED OFF (A), REVIEWED 2).

The technician will fill out the form, and some questions will be auto-populated from the patient form. If the technician wants to edit an auto-populated answer, they need to click the “Edit” option, make the changes, and then click the checkmark to confirm the answer. For each question, the technician needs to click the checkmark to confirm their response. History preview will be placed at last. So they can view and correct the history.
